Policy

5.1: Emirates Motorsports Organization (EMSO) is playing a leadership role in development of motorsport and encouraging motor sport stakeholders across UAE to incorporate best practices of sustainability framework by pursuing a holistic approach to environmental concerns.

EMSO strives to adhere to the Best Practice Principles (BPP) framework of FIA by setting up core elements of its environmental impact and incorporating systematic approach to Environmental Management System (EMS).

Automobile and Touring Club for United Arab Emirates (ATCUAE) is the mobility division of the Emirates Motorsports Organization (EMSO) and complies to the same Sustainability Policy.

EMSO commitment is defined as follows:

1. Collaboration with motor venues, organizers, sport clubs and competitors to promote and guide towards best environmental practices.
2. To collaborate with government entities and comply with legal requirements and legislation on national and international levels.
3. Encourage motor sport stakeholders across UAE to pursue sustainable actions for environment.
4. Support FIA Action for Environment and FIM Ride Green.
5. Demonstrate commitment to BPP by continuously improving on sustainability performance.
6. Continue to raise awareness of environmental concerns to senior management, staff and volunteers.
7. Minimize core elements of environmental impact by preserving water resources, implementing responsible waste management and energy saving systems.
8. Comply with legal requirement and legislation on national and international levels.
9. Conduct an annual review of EMS to review environmental objectives and targets.

To achieve that we aim to:

- Promote awareness and a sense of environmental responsibility amongst employees and volunteers;
- Assess the environmental impact and take steps to continuously improve all significant effects;
- Comply with applicable laws and legal requirements;
- Use resources more efficiently, thereby reducing consumption;
- Minimize waste, promote recycling and the use of recycled materials.

Purpose

5.2: This policy applies to all competitors, team members, staff, officials, employees and other stakeholders. The purpose of this policy is to set out our intentions and principles in relation to sustainable development, promoting sustainable development and good environmental practice.

Principles

5.3: The EMSO will address the social, economic, and environmental considerations of sustainable development, defined as ensuring a better quality of life, according to the following principals:

- Social progress that recognizes the needs of everyone;
- Effective protection of the environment and the prudent use of natural resources;
- Sustainable development is about what we do and the way we think. It's about community empowerment and involvement, volunteering, and giving back to the society that we live in;
- We recognize the interdependence of individuals and groups with the natural and built environments, which means seeing, and making connections between different aspects of our lives; social, economic, and environmental, and building links between the local and the global, understanding chain reactions, and assessing and sharing resources;
- We are committed to enabling volunteers to participate in society, feel that they belong and make a difference, build strengths, and enhance skills, and are supportive of volunteers taking responsibility and leadership;
- The EMSO is committed to sustainability, which means understanding a sense of looking forward, not focusing on the present, recognizing the limits of knowledge, thinking of consequences, making things last, renewing and recycling, safeguarding resources, and meeting local needs locally wherever possible.

Sustainable Communities

5.4: The EMSO is committed to contribute to sustainable community development where people are happy to live and work, meeting the diverse needs of the UAE residents. We contribute by engaging communities in motor sports, developing their skills, knowledge and confidence.

Sustainable development is about establishing social relationships of trust, of social capital, and is the core of active community participation and the key to a better quality of life. We operate a network of people with motorsport interests who have the desire to invest their time in running events in, and for, the UAE's benefit, who train other volunteers, and communicate and share their lives with others.

For sustainable development to be meaningful it must start with people making decisions about their lives, taking responsibility, giving back to the society and participating in the community, learning new skills, and recognizing the consequences of actions.

We have identified the learning and skills development needs of UAE citizens, taking into account the unique demographic, economic and cultural factors of the country, and are implementing the plan to raise the level of involvement.

Championships and promoters are permitted to dictate their own protest fee in their individual Championship or Supplementary Regulations. If nothing is stated, the default UAE Protest Fee shall be set at AED 1000 minimum.

When a protest is successful for a competitor, their fee will be returned to them, but if their protest is unsuccessful, they forfeit their payment which goes to the EMSO.

10.4: In the event that the competitors protest is unsuccessful, it is the responsibility of the Steward(s) or Jury Member(s) of the meeting to inform the competitor of their right to appeal and the correct procedure for doing so. Should the competitor wish to appeal, they must inform the Steward(s) or Jury Member(s) of the meeting immediately of their intention to do so in writing, together accompanied by the appeal fee of AED 3500.

10.5: A competitor / Entrant may only lodge an appeal following an unsuccessful protest on the event. If the competitor fails to first go through the protest procedure, they will forfeit their right to appeal.

10.6: The Steward(s) or Jury Member(s) of the meeting shall hear any appeal as soon as practicable. All parties shall be given notice of the hearing. They shall be entitled to call witnesses but shall state their case in person. Advocates may not be present at any hearing of the Steward(s) or Jury Member(s). Parties, and their witnesses, shall be given the opportunity to be heard. In the absence of any of the parties or their witnesses, the Steward(s) or Jury Member(s) may make a decision providing that the Steward(s) or Jury Member(s) are satisfied that any party concerned is aware of the time and place of the hearing or has left the event. If a decision cannot be given at the conclusion of the hearing all parties must be advised of the time and place at which the decision will be given.

10.7: If any protest or appeal requires the dismantling and the reassembly of different parts of a vehicle, the claimant must pay an additional deposit of AED 12,000/- for each part if the protest involves a clearly defined part of the vehicle (engine, transmission, steering, braking system, electrical installation, body, etc.)

10.8: If the appeal is successful, the competitor will be refunded the appeal fee.

A right of appeal does not exist for third parties.

10.11: The following are the only grounds for lodging an appeal against the decision of the Stewards of the meeting or the Steward(s) or Jury Member(s) of a championship: a gross miscarriage of justice has occurred or the penalty is wholly inappropriate for the breach of regulations.

A copy of such notice of intention must also be lodged with EMSO at the same time by email bryan@emso.ae.

10.13: In the event of an appeal, three-person court will be appointed by the EMSO to hear the case. At least one member of the court must be an employee of the EMSO, and at least one other member of the court must be an independent party, unrelated to the EMSO, Event Promoter or Event Venue, and preferably from a legal background. Any person listed as an official of the event in question, or with any connection to the case which may lead to a conflict of interests, is not permitted to sit on the court of appeals. One of the three-person court will be appointed as Chairman.

10.14: When the Chairman of the Court has been appointed, he shall immediately:

- Notify the Parties concerned, setting out the details of the alleged breaches of the rules, and that penalties may be imposed; and,
- Send the Parties copies of any relevant reports and documents, and the identity of any witnesses.

10.15: Depending on the nature of the case, it is at the courts discretion with how to convene, but the appellant party, as well as any other party who would be affected by the decision must be given the chance to be heard.
